**THE GOLF COURSE
VANCOUVER ISLAND WAS
MEANT TO HAVE.**

Every so often you come across a golf course that nature had as much to do with as the designer. And when you do, it reminds you that golf is as much about the land as it is about a birdie putt, a massive drive or a decent beer. (*Ahhhh...*)

We not only invite you to experience Morningstar Woods, we dare you to drop by for just a single round. One taste and you will soon discover what people have been

talking about for the past 20 years.

Exciting golf. Great service.

Amazing connections.

WITH 45 BUNKERS, PERHAPS
THIS IS WHERE SILICON VALLEY REALLY
GOT ITS NAME?

Resting on the edge of the San Francisco Bay, the Baylands Golf Club is sanctuary for both golfers and wildlife. An original design of William P. "Billy" Bell and his son, William F. Bell, the par 72, 6,800 yard layout is now updated and restored — once again embracing the landscape of a windswept coastline, nearby tidal marshes, and San Francisquito Creek.

UNLIKE MOST FACELIFTS, OURS WAS DESIGNED TO HIGHLIGHT THE WRINKLES & MAKE US LOOK OUR AGE.

Rendering of the 8th, 545 yards from a hilltop down toward the Bay.

Often described as sporting the most spectacular views in all of Bay Area golf, our Robert Hunter and Willie Watson designed layout will be restored to its 1920s glory in time for the 2012 season.

Call us at (510) 233-7550 for information on golf events, banquets and membership.

Golf course architect Robert Hunter created only one solo design in his renowned career - it was Mira Vista.

IT'S SO SIMPLE WE'RE PRETTY SURE
OLD TOM WOULD HAVE APPROVED.

When it comes to bunker construction you have a choice. What's best for drainage? What's best to keep the sand clean? And what's best for the long haul?

We've spent years developing the longest lasting, best performing bunker method. So good it's got a 10-year warranty.

Specified by golf architects, superintendents and owners, the Better Billy Bunker method is long lasting, cost efficient — *and simple.*

WE CALL IT "50 OAKS" BUT THERE ARE ACTUALLY 482

When we created our new 12-hole golf course and practice range we discovered 482 California oaks. But when we went to name the new golf center, we landed on "50 Oaks." It just sounded better. Plus, it pays tribute to the iconic Highway 50.

Come see our "meadow that just happens to have a golf course running through it." The new, family-fun golf center — *50 Oaks*. Fabulous golf, full-length practice range with Top Tracer[®], and plenty of great food, drink and ice cream.
